That is quite a road trip. We will set aside the handouts and put them in the mail to you.

Who should carry your proxy for the 111(d) subcommittee?

Take care.

Joe

Joe,

I had hoped I'd be there for the Thursday morning portion of the EQC this week but I will not be able to make it for the meeting at all this week. I have meetings in Malta Wednesday morning and then in Huntley and with the Billings city staff Thursday that I can't break away from this time. I apologize for the absence. I'd like Rep. White to carry my proxy for the meeting please. He's aware and had agreed to do so. Have a great week.

Scott
